i-Learn 4 Health

KICK-OFF MEETING IN PATRAS!

i-Learn4Health enjoyed a fresh start by launching its first kick off in Patras, Greece. The partners enjoyed the experience enormously, both by being able to visit Patras and also by getting to know all the members that belong to the partnership. They were also able to determine the next steps that they will be taking during the project.

And so, the adventure begins...

IN THIS EDITION...

Kick-off
meeting

Next steps
of the
project

The Social
Corner

NEXT STEPS

1

Electronic Diagnostic Tool for diagnosis of the factors that influence students' effectiveness of knowledge acquisition in Digital Game Based Learning

2

Digital Educational Games for health promotion and health education in primary schools

3

Online Training Program in Health Promotion and Health Education through DGBL

REMINDER

You can send your own contributions to the newsletter any time!

The Social Corner

The partners had lots of fun
and they also were able to
share new ideas and
initiatives in a creative,
positive environment
